## How to upload work to google drive

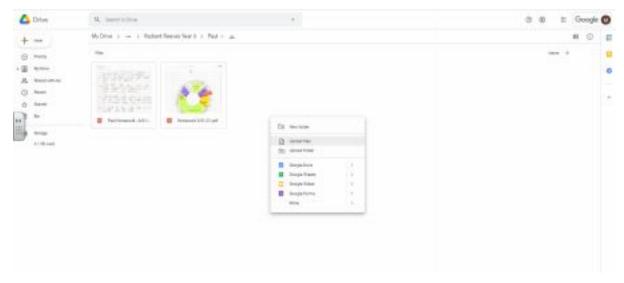

Go to the Google classroom page and click the tab that says Classwork.

Once on the classwork page, click the tab that says Class Drive folder

Once on the Class Drive folder, click on your name.

When you are in your folder, right click on your mouse or key pad. Or hold your finger on the screen and a little menu appears, click Upload files. This will take you to your documents, click the piece of work that you want to add and press Open.

Or you can drag your document straight onto the screen and it will copy across.
