

Dear Parents,

This year we have formed a school Eco Committee to help us make a difference in the world. As a school we are looking at active ways we can help our community and our environment whilst also raising money for our school fund.

With winter fast approaching, now is the time that parents will be considering buying new winter coats for their children. We know that children grow out of clothing very quickly and old coats your child may have grown out of may still have lots of wear in them! We also know that new winter coats are expensive!

With this in mind, we would like to hold a winter coat sale during the first week back after our half term break. If you have any outgrown winter coats, that are still in good condition, please could you donate them to school and send them in with your child over the next two weeks. This will give us time to get them sorted and ready for a school coat sale after the holiday.

Finally, this year we would like to build an active Parent Teacher Association in St Joseph's where we can work together on events to benefit both our school and our community. If you have spare time or any ideas and are interested in helping us out with this, please email our helpline to express an interest and we will arrange a parent teacher meeting for those who are able to help. helpline@jph.srscmat.co.uk

Many thanks

Mrs Kearney
